Honorable Dan E. Garvey,
Governor of Arizona
State House
Phoenix, Arizona

My dear Governor:

At a meeting held in the Courthouse here Wednesday night, called in protest against what most of the delegation that met with you Monday, thought was very poor co-operation and lack of expert legal advise in our attempt to save the present Old Area installations at Fort Huachuca.

The meeting was well attended and representatives of Service Clubs, Teachers, Labor, Ministerial Associations, Business and Professional men from all over the County were very vocal and most sincere in backing up our effort to save the old post for the benefit of the State and not some particular group-bankers or otherwise.

I asked the group to give you and Mr. Perry Ling time to study out some counter-proposal that might be legal and acceptable to the State and our Corporation. This they finally decided and voted to do.

I am only writing you this, Governor, to tell you that a big wind is in the making, and from the promises made by members of the different organizations, it will cover the whole State.

I may be all wrong, but sincerely believe a big row is brewing.

No. 2

Honorable Dan E. Garvey

Could you and Perry get together on something tangible, either for our bunch, or that some other could handle for the best interests of the whole State of Arizona.

I am, with all good wishes,

Sincerely yours,
